

FLORENCE BY CAR

Whoever uses a car, either their own or a rental car, must know the regulations regarding private traffic in the city. The ZTL (Limited Traffic Zone) is the area of the historic centre that is regulated by detailed restrictions that everyone must respect.

The ZTL roughly corresponds to that area enclosed by the ring roads. *
IN PEDESTRIAN AREAS AND PREFERENTIAL LANES, PRIVATE TRAFFIC IS PROHIBITED 24 HOURS A DAY

ZTL HOURS

 Monday to Friday: 7:30 a.m. - 8:00 p.m.
Saturday: 7:30 a.m. - 4:00 p.m.

From the **first Thursday in April** to the **first Sunday in October** the ZTL hours are extended into the **night time on Thursday, Friday, and Saturday***

 Sunday and holidays the ZTL is not active

 IN THE CITY, NUMEROUS ELECTRONIC GATES DETECT THE LICENCE PLATE NUMBER OF ALL VEHICLES THAT ENTER: UNAUTHORISED VEHICLES ARE AUTOMATICALLY FINED

* See the other side for details.

Access to the ZTL is **allowed** only under specific conditions:

 **WHEN the ZTL is not active**
Digital panels with Italian-English messages are active near the ZTL entrances; these indicate whether the ZTL is accessible, or not. *

 **WHEN tourists need to reach their hotel, or a garage, within the ZTL**
Provided you communicate the vehicle's details to the facility **no later than 3 hours after entering the ZTL**.
Otherwise, you will receive a fine.
- **You must take the shortest route** (contact in advance the reception for further information).

 **People with disabilities** are authorised to enter the ZTL with their own means, which must display the correct permit; they must give notice (within the next day) to the Sas-Servizi alla Strada:

Toll-free number: 800 339891 / Email: upd@serviziallastrada.it

PARKING

- **You may not park on the road inside the ZTL** - only in the parking lots and in commercial garages, which are less convenient for long-term parking.

Parking lots outside the ZTL have lower rates than those inside it. There are many parking lots, including on the border of the ZTL (see map on the other side).

In more peripheral areas, there are several **'Park and ride' parking lots** - Villa Costanza (Scandicci), Viale Guidoni, Via del Gelsomino, Via Sansovino, Viale Europa - that are well connected to the historical centre thanks to the local public transport, Tramway and Bus.

The parking system is managed by various companies. For details, see the respective websites (PARKING INFO section)

STREET PARKING OUTSIDE THE ZTL

Parking is permitted, upon payment, only in the bays that are marked by **blue lines**.

The methods of payment include:
- **Parking meters**, cash payments, debit card, and major credit cards.
- **"Pay and display"** tickets, which are also available for purchase at bars and tobacconists.

In both cases, the coupons must be displayed on the dashboard.

You can also pay with your smartphone via the **TAP & PARK** app.

PAY ATTENTION TO SIGNS

"A Rotazione" (Loading zone) means that parking is only allowed for a very short time;

"Pulizia strada" (Street cleaning) means that at the time indicated (day/night) the street is cleaned and, consequently, the vehicles present must be **removed** or they will be wheel-clamped.

In this case, contact: **+39 055 422 4142** or **+39 055 328 3333**.

The Municipal Depot, for collecting towed vehicles, is on **Via Allende 18** (Novoli area) and can be reached by bus Ataf 57 from Leopolda Station.
